

## Acienda Agricola Le Chiose

Located in North of Montalcino, the Le Chiose estate lies on the north-east hillside of Montosoli, at about 300 meters elevation with all-day sun exposure and includes a total of 7ha of vineyards all planted to Sangiovese Grosso, designated as follows: 6ha of Brunello (and Riserva), and 1ha, Rosso di Montalcino, at low yields of 40 quintals per ha.

Le Chiose played a key role in the vineyard holdings of the legendary Biondi-Santi family since the late 18th Century when they used these vineyards for their Riserva bottling. Handed down, generation to generation the current owner, Simonetta Valiani is the great granddaughter of Ferruccio Biondi-Santi. Simonetta regained full ownership of the property in 1993 when she decided to produce her own wine under the label "Brunello Le Chiose" with her husband, Nicolò Magnelli and their son, Lorenzo.
